Mobile App Development

Challenges of developing Mobile Apps

- If you are serious about reaching all mobile users, don't assume that everyone who tries to visit your site has a modern browser. There are still millions using basic browsers that ignore the latest technologies, make a mess of the design and hangs on pages larger than 20kb.
- Different vendors supports different platform (Android, IOS etc).

Mobile Apps Development Package - Basic Edition (INR 15,000):

It is starting price. The price will depend on the customer requirements.

Terms & Condition:

- Development Timelines (If content is available): 25 working days
- Post Sales Support: time

Ecommerce Package - Diamond Edition (INR 150,000):

- Source Code will be given to the customer.

Terms & Condition:

- Development Timelines (If content is available): 25 working days
- Post Sales Support: time
- Domain and hosting must be renewing in every year before 1 month of expired date. Otherwise additional cost will be added according to the domain hosting renew rules.
- If image need to customized like background change or color change or any kind of editing then additional cost will be INR 50 per picture

Support Charge (Within 48 hour support):

- Design Change Support: INR 10,000 per design
- Content Change Support: INR 2000 per month(Max 2 times)
- Content Change Support: INR 4000 per month(Max 5 times)
- Content Change Support: INR 8000 per month(Max 12 times)
- Content Change Support: INR 25000 per month(Unlimited times 10-6 pm)

Training:

- 1st Training(1 hour): Free
- 2nd Training: INR 2000 per hour

Payment Procedure:

- 50% advance payment for website development
- 50% due payment within 3 days after complete the full project.
- Client must provide all content with work order.

Thanks & Regards
